05

RESIDENTIAL CLEANING

Residential cleaning services are also known as domestic, household, and house cleaning services. Our team of professionals and technical staffs will take the chores off you and clean every nook and cranny in your home to include your living room, bedroom, kitchen, bathroom, and other remaining spaces. we also provide renovation cleaning, house move-in/move-out cleaning and lots more.

COMMERCIAL CLEANING

Commercial cleaning services are services performed on commercial buildings, shops, schools, and other working areas. These services come highly recommended for business owners or contractors. Our professional team cleans up work areas, cubicles, cabins, desks, windows, canteens, restrooms, and receptions within the commercial buildings. The cleaning can be scheduled either during the working hours when premises are open or outside of working hours when premises are closed.

06

CLEANING CONSULTANCY

We provide consultancy services for clients who need professional advice in the areas of purchase of the right cleaning materials and equipment's for their businesses. This includes chemicals, pressure machines, scrubbing machine, vacuum cleaners, janitors' carts, and industrial mob bucket and wringer etc,

FUMIGATION AND PEST CONTROL

We offer a wide range of specialist pest control and fumigation services to industrial, commercial and domestic consumers. For effective control of infestation without harming the environment, we select pesticides and rodenticides that are often only dangerous to their targets but harmless to humans, pets and plants. Our spray machines include knapsacks, motorized sprayers and smoke foggers.
